At the present time the subject of education is justly considered of great importance. In this article we propose to confine our remarks to home education. Many of the errors in home training spring from the inability of parents to properly understand the nature and inclination of the children, since none can hope to be successful in the training of children unless they can enter into the child's feelings and thoroughly understand his nature. In other words, none need expect to correct evils the causes of which they do not understand, nor forser noble qualities of mind and heart, which they fail to appreciate.

The dullest intellect can readily see that unless one is familiar with requirements of a plant it is useless to attempt its cultivation, because something left undone or wrongly done may blight its early growth and destroy the crop. But many who undertake the government of children do so without any knowledge of what the child needs; they reason that all children ought to be treated alike therefore they lay down a certain set of rules, and insist upon their observance. It is very difficult to convince some people that Charlie, who, merry and full of mischief, cannot be made keep as quiet as George, who is graver and more sedate; or that Henry, who is slow and plodding, cannot, if he will, keep step with Fred who is active and impulsive. They fail to see that mischievousness, activity and nervousness are a part of the child's nature. That it requires a very great effort for Charlie to keep sober, or Henry to step quick, therefore they apply the rod freely; but instead of mending matters they make them worse.

Children commonly possess very good qualities, and it is the duty of parents to discover these qualities and foster them; thus, instead of directly suppressing the evil, we should develope the good, which will in time 'overcome that which is bad.' We cannot expect at one stroke to drive from the youthful mind all that we dislike; all we can do is to trust to good influence, and endeavour to interest their youthful minds in the higher and nobler aspirations. We have seen parents who were ready to severely censure the slightest defect in the characters or actions of their children, but seldom did they attempt to point out the right path; they simply told the child that he was taking the wrong road, but did not inform him where to find the right one.

The season is not so far off when bedding plants may be planted outside when they are to bloom during the summer and early autumn. Most people make a mistake in planting out too early. North of latitude 42 degrees the first of June is early enough. There is nothing gained by haste but much may be lost. It must be remembered that all those plants, besides being naturally tender, are made more so by the forced conditions in which florists grow them. Hence, when exposed to chilling wind they are a long time in recovering.

Geraniums, verbenas, petunias, coleus, acharanthus. mesembreanthemums, fuchsias, carnations and all this class of tender plants may be ordered at any time in May. The sooner the better; but keep them in the pots somewhere where they may be protected, and give them such air as they can stand until both the nights and days are permanently warm. Then set them out in a well prepared, sheltered place, and they will give constant satisfaction until frost comes.

A. GILMORE, TAILOR,

AT THE COMMISSION STORE, JOHNSON ST.,

Has just received a large invoice of Tweeds and Diagonal Goods of the latest styles, direct from London, and will make them to order in the most approved styles and cheaper than ever before offered in Victoria; also, a large stock of Boys' and Men's Suits of different patterns, Furnishing Goods, Hats, Caps, Boots, Shoes, and Oilskin Suits. *Please call before purchasing elsewhere.*

P. S.—Has just engaged the assistance of a first-class Cutter. *

PERIQUE CIGARETTES. — Frank Campbell, the well-known tobacconist, has just received his first shipment of *La Belle Perique* Cigarettes, which are entirely manufactured from the celebrated Perique Tobacco and fitted with patent corn-husk mouth-pieces. Their flavor is exceedingly agreeable and their aroma very fragrant. Mr. Campbell is sole agent for the sale of the Cigarettes in British Columbia. *1m

The Reason Why.

My reason for buying Cooking and other Stoves and Parlor Grates at the Albion Iron Works is because I can purchase them there at prices much less than they can be imported for. The quality of the goods is equal, if not superior, to the imported article, and by buying them I get my money back, if not directly I do so indirectly, because the money I pay for an Albion Stove is kept in the country. Do not let unprincipled dealers sell you the imported article when you can help to save the country by buying Stoves, &c., at the Albion Iron Works, Store street, or of any respectable dealer. Examine for yourself and take no other. *

PER STEAMER ALASKA.—Just received at J. York's, Fort street, direct from England and Canada, Fall goods, comprising Ladies' Cloth Jackets and Ulsters, Maids' and Ladies' Costumes, Black and Colored Skirts, Wool Shawls, Plain and Fancy Dress Goods, Hats, Bonnets, Flowers, Feathers, Lace Collars and Scarfs, Ulster Cloths, Tweeds for Boys' Clothing and a large assortment of Hosiery, Haberdashery and Staple Goods. *

A GOOD PLAN.—THE MOST PROFITABLE WAY for dealing in stocks is by combining many orders and co-operating them as a whole, dividing profits pro rata among the shareholders, according to the market. Each customer thus secures all the advantages of immense capital and experienced skill, and can use any amount from $10 to $10,000 or more, with equal proportionate success. SELF-PROTECTION.

As a measure of self-protection the Canadian Government have recently proclaimed the prohibition of the further importation or introduction into the provinces of Quebec, Ontario, New Brunswick, Nova Scotia and Prince Edward's Island of cattle from the United States. The press of the republic loudly declaim against this order, which is a severe blow to agriculturists south of the line. But what consideration have the Americans ever shown for Canada's interests when framing tariffs and issuing restrictive orders? Since the abrogation of the Reciprocity Treaty there has been a steady outflow of Canadian gold to purchase American agricultural products; and the high scale of U. S. Customs duties was purposely framed to preclude the possibility of trade comity with Canada. The entire commercial legislation of the United States towards Canada has been hostile, and if the latter has at last adopted a retaliatory policy it ill-becomes the former to "squeal." Observe the way that British Columbia has been and is being treated. Her coal is met with a heavy customs duty at American ports, whilst until quite recently coal entered Canadian ports free of duty. The duty on our oils and fish being prohibitory the products of our fisheries cannot be exported to the United States at all, because that power declines to recognize the Washington Treaty as applicable to British Columbia for the reason that we did not enter the Confederation until a few months subsequent to the ratification of the Washington Treaty. As was shown the other day the Province imported from Oregon and California in the twelve months ending June 30th, 1879, $404,000 worth of agricultural products, our exports of similar goods during that period only amounting to a paltry $2,200. When the Canada Pacific Railway shall have spanned the 125 mile gap between the markets on the Coast and the fertile prairies of the Great Interior, British Columbia will no more send her gold abroad to buy the prime necessaries of life. She will spend it among her own farmers, who will then become sharp competitors with Oregon and California in the wheat markets of the Old World. When Emory's Bar and Savona have been joined by "bands of iron and hooks of steel" Canada may enact laws to shut out American farm products altogether, for anything the people of the Pacific Province will care. They would prefer reciprocal trade relations, of course, but if those are not attainable it will not be the fault of Canada.

NEW ZEALAND'S DEBT.

The *Pall Mall Gazette* remarks that the rapid increase of debt in New Zealand is likely to cause some uneasiness to all who are interested in that colony. Not only is the colony itself largely indebted, but the various towns and municipalities are borrowing to an extent which may easily prove dangerous. This of course will not be felt so long as the borrowing, the building of public works, and the assisted immigration go steadily on, but should any check occur grave difficulties might follow; for it should not be forgotten that the whole of the debt, amounting to more than £50 a head of the population, is in foreign hands, and consequently the interest upon it has to be sent out of the colony. If it should prove that miscalculations have been made in the value of the public works, and if the demand for the Crown lands falls off—both quite conceivable events—the position of New Zealand might be uncomfortable. We do not say that this is a reason for alarm, or even distrust, but there is certainly quite enough in the present state of affairs to make us wish that the people of New Zealand would not discount their future quite so heavily. There is no finer colony within the circle of the British possessions; the climate is specially suited to men of our race; and any financial mismanagement which should check its growth would be most deplorable.

Reported Mutiny on H. M. S. Bacchante.

Sensational rumours of disturbances and mutiny among the crew of H. M. ship Bacchante are in circulation. On the 17th September the Prince of Wales with his two sons, Prince Albert Victor and Prince George, went to Portsmouth, where the Bacchante was lying ready for her departure. The two young Princes are naval cadets upon this ship, which was preparing for a cruise around the world. On the arrival of the Prince of Wales with his two sons, there was a fine parade of military on South Sea Common, a torchlight procession and a serenade. The next morning the two Princes, accompanied by their father and Prince Edward of Saxe-Weimar, Prince and Princess Herman of Saxe-Weimar, and Prince Louis of Battenburg, went on board the Bacchante, and were there received with the usual honours. Leaving the two young Princes on board, the Royal party left the ship, and next day she started on her cruise. At this time reports among the populace of Portsmouth and Southampton were in circulation concerning ill-feeling which existed among the crew of the vessel, and the reports received to-day may, perhaps, be only exaggerations of these rumours.

Morning Dispatch.

THE HANLAN-COURTNEY FIASCO.

DETAILS OF THE FOUL PLAY.

MAYVILLE, N.Y., Oct. 16.—The boat race has come to a most inglorious end. Late this morning the air was filled with rumors that Courtney's boats were stove, and another that they had been cut last night. A visit to Courtney's quarters disclosed facts as reported by Courtney's nephew and Burt Brown, who had been with him as attendants and taking care of the boats. Last evening about six they left the boat house, locking it on the shore side with a padlock and on the river side simply hooking it and driving a nail over the hook. Returning about eight from the village they found that the river-door had been forced, the nail broken and both the boats cut with a saw. The one made for the race was cut two-thirds through, 12 feet 10 inches from the bow. The working boat was cut entirely through, 6 feet 4 inches from the stern. The two men kept the matter secret from Courtney until this morning. What will be done as to postponing the race or disposing of the prizes is unknown as yet. The referee, officers and backers of the two men are now in consultation.

UNITED STATES.

NEW YORK, Oct. 16.—Tuesday's elections seem to be generally accepted as the death knell of Greenbackism and other side issues.

The number of voters who registered in this city yesterday was 50,347, making 89,039 for two days, an increase of 6040 over the number registered on the first two days of registration in 1878.

COLUMBUS, Ohio, Oct. 16.—The Republicans have a majority of 8 in the Senate and a certainty of 35 majority on a joint ballot.

The *Herald* says the conclusion of a treaty fair to both parties between Spain and China on the subject of Celestial residents in the Ever Faithful Isle will astonish those American haters of the heathen Chinee who have regarded Spain as a narrow and arrogant power.

TEXAS.

ST. LOUIS, Oct. 16.—A despatch from San Antonio, Texas, says General Ord, commanding the department, received the following dispatch to-day:—

"FORT CONCHO, Oct. 15.

"Col. Hatch, commanding the district of New Mexico, informs me that large bodies of well-armed Apaches are going south towards Texas. They are probably renegades from Indian Territory and Mexico. Have arranged to intercept them and to reinforce and concentrate forces when necessary.

"(Signed) Gen. GRIERSON."

Afternoon Dispatch.

OREGON.

PORTLAND, Ogn., Oct. 17.—General Grant and party took a special train yesterday and proceeded up the Willamette Valley as far as Salem. The entire population of each town and village along the line of railroad flocked to the depots, cheering, firing salutes, etc. The party remained at Salem several hours where an informal reception took place. General Grant and party left at 5 o'clock this morning on the steamer St. Paul for San Francisco.

UNITED STATES.

CHICAGO, Oct. 16.—Another railroad accident which barely escaped being a rival of the Jackson affair occurred near Baraboo, on the Northwestern last night. A heavy freight train and passenger train collided, owing to the absent-mindedness of the conductor of the passenger train, and but for the fact that both were slacking there would have been a terrible disaster. As it was, only one man was badly hurt and the two engines and five freight cars were smashed to bits.

ST. PAUL, Oct. 16.—Nolan and Johnson, two of Doc. Middleton's gang of Nebraska robbers, were traced to Ortonville mine, near the Dakota line, by a sheriff's possé which pursued them overtaking them yesterday near Appleton. They fortified themselves in a shanty and a regular siege followed. Firing lasted several hours. The robbers finally escaped and the pursuit continues.

THE BOAT FIASCO.

MAYVILLE, N. Y., Oct. 16.—Courtney's backers boldly declare that he himself caused the boat to be cut. Courtney, it is understood, asks from ten to twelve days' postponement. Every train brings large accessions to the already large throng. The referee will call the boats at the appointed hour. Hanlan will row over the course and attempt to make the best 5 mile time on record. The question of the right to claim the money is in dispute. Soule contests its payment to Hanlan unless the race be rowed with Courtney as stated in original articles of agreement.

Evening Dispatch.

CALIFORNIA.

SAN FRANCISCO.—The contest between men and horses opened at the Pavillion last evening to a good attendance. The track for horses is arranged around outside of that for men. Of the men entered for the match, Sherwood and McGregor failed to start and of horses only Controller, Denver Jim, Dan McCarthy, Pinafore, Woodlum and Nellie came to the score. Brodie made the first mile in 8½, Nellie close after him.

EUROPEAN ARMIES.

Military Strength of Various Continental Countries.

[Vienna corr. of the London Standard.]

The recent newspaper war between Germany and Russia having given rise to many speculations concerning the offensive and defensive power of several European States, some particulars respecting various armies which have been furnished to me on good authority may be read with interest at this moment. To begin with Germany, the reorganization of that army was fully carried out in 1866, since which time the annual recruiting has produced 1,300,000 men. After making due deduction for dead, sick, etc., the strength of the German army may be fairly put down at 1,250,000 men of the line and the reserves and the First Landwehr, all of whom had been thoroughly drilled and ready to enter the field at any moment. These men are of various ages, from 35 to 50 years of age. These would, after making due deduction, number 1,300,000 men. All these 2,550,000 soldiers can be marched in 24 hours after being called, as all the Quartermaster's arrangements are made in time of peace to enable this to be done. From this total must be deducted 200,000 for the fortresses, 150,000 for the coast and against Denmark and 150,000 for depots; so that 2,100,000 men are available for real warfare, and the last of whom would only require a fortnight at the most to be on the frontiers. The border fortifications on the French side are completely finished and are fully armed. They are furnished with large stores of provisions, and communicate with the interior of the country by means of good railways. France has, of course, good fortresses also on the German frontier, and these are strengthened by smaller barricading forts, but in addition to the fact that they will not be completed and in thorough working order before 1881, Germany has the advantage of a convex frontier which would facilitate concentric attacks, such as are regarded by military authorities as the most successful. The strength of the French army is, on paper, 3,600,000 men, but Sir Garnet Wolseley as well as other authorities, calculates it as only about 1,800,000, among whom are more than 600,000 undrilled men. Besides this, the state of the territorial army and the Garde Mobile is so doubtful that France is considered to have ready for the beginning of a war not more than 1,000,000, of whom 400,000 must be deducted for garrisons, &c., leaving 600,000 really available for action. Russia's force, although given on paper at 1,800,00 men cannot, as was explained at the beginning of the recent dispute, exceed 400,000 men on the German frontier.

Green's August Flower.

It is natural for people suffering with Dyspepsia and Liver Complaint or any derangement of the digestive organs such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water-brash, gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c., to put off from day to day buying an article that they know has cured their neighbor, friend or relative, yet they have no faith in it until it is too late. But if you will go to your Druggist and get a bottle of GREEN'S AUGUST FLOWER your immediate cure is as certain as you live. Sample Bottles of this medicine can be obtained for 10 cents to try its superior virtue.

Regular size 75 cents. Try it, two doses will relieve any case.

Esquimalt as the Chief Pacific Naval Station.

An important rumor is afloat. It is to the effect that Esquimalt will henceforth be the chief British naval station on the Pacific. That all the vessels of the fleet will rendezvous there in the spring, or as soon as the miserable war between the Gringoes shall have been ended. That a residence will be erected for Rear Admiral Sterling at or near Esquimalt; and that important additions will be made to the present dockyard. This will be very gratifying, if true; and we strongly incline to the belief that it will be found to be so.

ST. JOHN'S CHURCH ENTERTAINMENT.—The entertainment on Wednesday evening proved very pleasant to those who attended. Several of the pieces were excellently played. Two instrumental trios by Messrs. T. S. Wilson, Sidney Wilson and G. Jay were loudly applauded and one of the pieces was encored. A piano solo by Mrs. J. D. Pemberton, two duets by Miss Bagnall on the piano and Dr. Davie on the flute, and a piano solo by Miss Georgie Waitt were among the good things of the evening. Mrs. Reid in "Dublin Bay," and a duet by Mrs. P. T. Johnstone and Miss Dougall were very effective. Mr. Offerhaus sang twice with great spirit and was encored each time. Recitations by Mr. Shilldrick and Mr. E. A. Jenns drew forth strong manifestations of approval. Most of the accompaniments were played by Mrs. Bushell, whose beautiful manipulation of the piano has been so often extolled. It is whispered that the next entertainment at St. John's will eclipse anything of the kind yet offered in the Province, and that great preparations are on foot to insure its success.

SOMETHING NEW.

THE steamer Wilson G. Hunt left at 8 a. m. yesterday for New Westminster with the following passengers: Mrs. Cunningham and 2 children, Messrs. R. Wardle, Geo. Monielans, T. McLennan, G. Beer, Shaw and several others.

COMOX.—A heavy gale prevailed at Comox during Wednesday night and Thursday last, doing more or less damage to fencing, &c.

Testimonial.

Mr. R. McKelvy, who has been in the employ of Mr. G. C. Keays for the past two years, yesterday presented his employer with a meerschaum pipe and the following

LINES:

October 16th, 1879.

MR. G. C. KEAYS:

With these few lines I send to you
A token of respect,
And although a humble offering,
Pray do not it reject.
For if my gift is very small,
Yet a thousand thanks I send
To you, who were so kind
And ever proved a friend.

But now we are about to part,
Perhaps for evermore;
But my friendship always will remain
As it did in days of yore.
And if at times you thought I erred,
Or from right o'er took a start,
The error all lay in my head
And not within my heart.

Though troubles may around me roll,
And years fly quickly past,
For you I'll always cherish
Bright thoughts unto the last.
And when old age creeps on apace,
And stamps this youthful brow,
It will be consolation
To recall our parting now.

And when our race on earth is run,
May angels bright draw nigh,
And bear our spirits in their arms
To realms up on high;
But if you're first to reach that port,
Then do the best you can
To gain an entrance through the gates
For this roving journeyman.

Yours truly, ROBERT MCKELVY.

ST. CHARLES MUSIC HALL.—The music hall about to be erected for Mr. J. Wangenheim, proprietor of the St. Charles Hotel, will be a one-story wooden structure having a width of 36 feet and a depth of 52 feet. The hall will have a street frontage of 44 feet and from the sidewalk to the top of the roof it will be 32 feet high. Tenders are returnable on Thursday next at noon and it is expected the building will be erected within four or five weeks from the date on which the contract is signed. A splendid organ, superior, it is stated, to any organ in this Province, will be imported from Portland and erected in the hall. The building will be well ventilated and lighted, and the front windows as well as the main entrance are to be of handsome design. The capacity of the hall will seat about 220 people comfortably.

THE PINAFORES COMING.

FOR THE NORTH.—The steamer Princess Louise left the Hudson Bay Co.'s wharf at 3 o'clock yesterday afternoon for Fort Wrangel and way ports, having on board about 80 tons of freight and a large number of passengers, amongst whom were the Bishop of New Caledonia and family, Rev. Mr. Duncan, Rev. Mr. Hall, Admiral Prevost, Miss Annie Hunt, Mrs. Snow and Messrs. Wm. McDonald, Geo. Robinson, J. Hunter, Gouge and some sixty Indians. Most of the latter are for Bella Bella and Fort Simpson. The Princess Louise will call in at Nanaimo where she will land Mr. Hunter, C. E., and receive a supply of coal instead of going to Departure Bay for it as usual She will leave again for the North, Massett and way ports immediately on her return to this port.

NANAIMO.—At the Police Court on Monday last R. Watkins, proprietor of the Royal Hotel, was fined $25 and costs for keeping the hotel open on Saturday night after the hour prescribed by the Municipal Council.... The *Free Press* understands that Mr. Gisborne, Inspector of Telegraphs, will visit Nanaimo in a few days.... The Sturt prospecting party have returned from the opposite coast of the Mainland, bringing samples of coal, copper and iron. The exact localities of the several deposits are not yet disclosed.... The *Free Press* says that, the railway route being decided, the time has arrived when the 20-mile reserve between Esquimalt and Nanaimo should be thrown open to settlement.

THE COMPETITION FOR WIMBLEDON.—Weather permitting the firing for a place on the team to represent Canada at Wimbledon next year will come off at Clover Point range to-day, commencing punctually at 2 p.m. Ten rounds will be fired from the 200, 500 and 600-yards ranges each and the highest possible score will be 150 points. The lowest score as yet made at Ottawa by competitors from the eastern provinces is 104 points and should this be beaten here British Columbia will be entitled to a representative at Wimbledon. The firing is only open to qualified members of the Active Militia and those who intend to compete must appear in uniform according to official notification. After the termination of this shooting the Griffin Cup will be competed for by members of both rifle companies.

THE steamer Enterprise left at 8 a.m. yesterday for New Westminster and way ports with the mails and the following passengers: Mrs. Robson, Mrs. Bennett, Mrs. Todd, Miss Smith, Bishop Dariou, Father Chirouse, Father Le Jeune, Brother Bernard and Messrs. J. D. Sutherland, J. S. Clute, J. White, C. Weiler, H. Heywood, Jackson, F. Lord, B. Hughes, J. Snyder, E. Johnson, Chas. Dodson, Alex. Campbell and several others.

WILL SOON ARRIVE.

DOWN AGAIN.—The recent rise in the San Francisco stock market, caused by the announcement that a bonanza had been been struck in the Sierra Nevada mine, was not of long duration. Thursday's market had a downward tendency, which was maintained at yesterday's meeting of the Board.

DR. SIMMS' lecture to-night treats of hands, feet, hair and handwriting. He will give a recipe for the prevention of hair falling off or turning gray. Get a chart at the hall to-day.

FOR CHEAP ULSTERS AND JACKETS go to J. York's, Fort street. *

NAVAL.—H. M. S. Penguin is under orders to sail for Panama on Saturday next. The flagship Shannon is at Panama, but nothing definite is as yet known as to her future movements. It is reported that H. M. S. Osprey is now on the way from the South for Esquimalt.

DRY GOODS AND MEN'S CLOTHING.—To-night at half-past 7 o'clock at ARGYLE HOUSE, Shotbolt's building, Johnson street. J. A. ANDERSON, Salesman. *

SKATING this afternoon and evening at Pavilion Hall, Fort street. Music by Prof. Haynes' Quadrille Band. Admission for Gentlemen 25 cents; Ladies free. * J. MCCRIMMON.

LIGHTHOUSE INSPECTION.—The steamer Sir James Douglas arrived in port last evening, having on board the Agent of Marine and Fisheries who has just completed an inspection of the lighthouses on the east coast.

County Court.

[Before Hon. A. F. Pemberton.]

FRIDAY, Oct. 17.

Henry Lyne, judgment creditor, vs. Willis Bond, judgment debtor. (W. Pollard, garnishee). Ordered that an attachment issue for $11.25, the amount claimed.

ANOTHER RUNAWAY.—Yesterday afternoon a team attached to a heavy wagon belonging to Mr. Bridges of Mount Tolmie farm took fright and ran at a rattling pace from the direction of Fort street along Broad street. When opposite Mr. W. G. Bowman's livery stable they collided with a buggy and smashed it to atoms, carrying the wheels and axle-trees to the corner of Broad and Yates streets. The buggy, which was the property of Mr. Bowman, fortunately had neither occupant seated in it nor horse attached to it. The driver of the team claims that he is not liable for the damage to the buggy, asserting that it was standing on the public street. Mr. Bowman, on the other hand, contends that the vehicle was not on the street and that consequently Mr. Bridges is liable for its value. A lawsuit may possibly be the outcome. It may not be out of place here to remind teamsters and others that a municipal by-law is in force inflicting a heavy penalty on those who permit a horse to remain standing on the streets or in public places without having the animal "securely fastened to a post or block of metal weighing not less than 35 lbs. or leaving some person in charge." For the security of life and property it would be well if this by-law were strictly enforced. Indeed, by a resolution of the City Council the police will shortly be instructed to take proceedings against parties infringing it.

MARINE.—The steamer Beaver arrived in port at 11 o'clock on Thursday night from Cape Flattery, having towed to sea the bark Brazos, laden with South Wellington coal for San Francisco. She left port again at 2 o'clock this morning for Departure Bay and will return with the bark Eva H. Fisk laden with a similar cargo for same destination.... The steamer Alexander left Departure Bay last night with the ship Topgallant laden with Dunsmuir & Diggle's coal for San Francisco. On the arrival of the Alexander in Royal Roads she will proceed to sea with the Topgallant and the ship Elvira Dovale, the latter vessel being laden with lumber for Callao or Iquique.... The bark Pride of England proceeds under sail from Royal Roads to Burrard Inlet to receive certain necessary repairs.

R. E. CHURCH.—The sum of $1000, the net proceeds of the recent fair, has been handed over by the ladies to the churchwardens of the R. E. Church. The ladies desire us to thank those friends who so kindly came to their assistance and contributed articles, and to the young gentlemen of the Grammar School for their valuable services on the occasion.

FROM THE EAST COAST.—The steamer Cariboo-Fly arrived here at 7 o'clock last evening from Comox, Nanaimo and settlements on the east coast with the mails and following passengers: Mrs. Newton, Mrs. Fitzgerald, Mrs. Smith, Mrs. Hood, Mrs. J. Black, Messrs. J. Holden, P. Pimbury, R. Wallace, F. Argell, W. Beaumont, W. Aikenhead, M. Manson, J. Charley, F. Hall, T. Williams, McGill, C. Trueworthy and J. Sparrow.

DUE NOTICE OF FIRST APPEARANCE.

THE ISLAND RAILWAY.—Hon. Mr. Bunster addressed his constituents a few nights since at Nanaimo and advocated the formation of a company for the construction of a railway between this city and Saanich arm, the line to be supplemented by steamers making three trips per week to and from Nanaimo. The suggestion was very favorably received.

SOUTH WELLINGTON MINE.—A few days since as a train of new cars, recently imported from San Francisco, was being hauled up the incline at South Wellington mine, Departure Bay, one of the couplings broke and the cars descended the track with terrific velocity. About 50 yards of the track were torn up and the cars were considerably damaged.

THE steamer Western Slope, bound for Fort Wrangel, was seen passing Hornby Island on Thursday evening with a living gale behind her.

THE INDIAN COMMISSION. — The sloop Thornton, with the Indian Commissioner and party on board, was at Comox on Wednesday last.

A BLANK calendar at the Municipal Police Court yesterday.

A Few Practical Ideas from a Ratepayor.

EDITOR COLONIST: — In Sunday's paper appeared an article on the Superintendent of the Water Works having flushed the pipes and got clear of a lot of little polywogs. I would like to ask, now that the water is better, why the Corporation could not make the lot speculators pay something towards the water revenue. For instance: There is a block held by a man not living in the country and the pipes run all round the block and he is not asked to pay one cent; but as soon as a man buys a lot and puts a house on it, if he does not take the water then he is compelled to pay half water rates. According to my idea that is not just, because the man who builds the house and makes it his home is a benefit to the country, whereas the man who owns the block takes the money when the block is sold to his home in another country. Then, again, I do not think the water rate is fairly divided. For instance: Here are A and B, neighbours. A uses from one to two buckets per day for domestic purposes, having no family, and pays $1.50 per month. B uses more water in one week than A does in a year and pays from $2 to $3 per month. I think that part might be mended to make those that use it pay for it.

Then there are cows licensed to roam at large through the streets breaking the new sidewalk besides leaving their droppings behind them to the public disgust. If the Corporation would pass a bylaw to make those speculators fence in their lots, then, to a certain extent, the cows would be deprived of their pastures and the city would be benefited by their being kept at home.

A commercial traveller at Marseilles having refused leave to his maidservant to take his daughter to the skating rink, they did not appear next morning, and on the bedroom being burst open both were found suffocated. A note in the maid's writing said, "You shall no longer have your daughter; I take her to a better world." Their ages were 26 and 14.

General Galiffiet, who has shocked his pipe clay comrades by authorizing all the officers under him to send in criticisms on the grand manoeuvres, has delivered a lecture of two hours' duration at Gerte-sous-Jouarre, insisting that the French disasters in 1870 were due to insufficient military instruction, and developing his own ideas of an improved system.

At Wissek, in Prussian Poland, a girl who professed to have seen the Virgin by a haystack attracted a crowd of 9,000 or 7,000 persons, although the priest warned them against the imposture. Gendarmes, however were sent down; the hay was removed by the owner, and in it was discovered a bottle of water so corked as to leak slightly. This was apparently intended to fulfil the Virgin's promise to discover a sacred spring. German and Polish prayer-books and tracts were also found in the stack done up in a handkerchief. The girl was arrested, and will be examined by a medical man.

The Ecclesiastical Commissioners have allowed their Suassex farm tenants an abatement of 20 per cent. in their rents.

It is fully expected that on November 2, the first day of Michaelmas Term, some of the judges will administer justice in the new London Law Courts.

Lord Chelmsford has been "publicly received" and "addressed" at Zymington. In reply to the Major of that place he said he was not the brokendown man he had been represented to be, and though he was glad to repose he should be ready at twenty-four hours' notice whenever Her Majesty again required his services.

According to the Natal *Mercury* a Zulu was lately found whose head was so thick that his frontal bone successfully withstood the shot of a regulation revolver fired point blank at a distance of five yards. The bullet lodged in the flesh—so runs the story—but in attempting to reach the brain it was as hopeless as the poet Bloomfield's rats were when they tried to bite a Suffolk cheese.

Lord Oranmore has written a letter in which he says that landlords should, when able to afford it, grant reductions of rent, and that he is himself willing to bear some of the pressure of the times; but adds that there are many cases in which the landlord is in the same case as the tenantry, and that this fact should be recognized. He says, also, that many estates are heavily mortgaged, and that extravagant reductions of rent, in obedience to a clamor, are mere ruin to the landlord. He declares that the potato crop is above an average, and the oat crop the best for many years, if there be weather to get it in. The only claim to a concession, he considers, arises in the case of the smallest tenants.

A letter to the London *Daily News* says that Rangoon, the "Royal City of Gems," is becoming more and more like a pandemonium upon earth. The streets are thronged with multitudes on their way to or from the gambling hells. Men are selling their wives to buy tickets; fathers are prostituting their daughters to get money for another chance; bands of robbers infest the suburbs and outlying districts; all trade is at an end. When the craze is gone with the money, and his Majesty sends round the tax-collector to replenish his coffers, there will be a scene of riot in the capital which will avenge and exceed the atrocities of February. In the provinces rebellion stalks about unchecked and apparently unheeded. The whole kingdom is going to ruin.

George Arbuthnot, M. P., in a letter to the London *Times* of September 10th, criticizes severely the appointment of a Royal Commission to enquire into and report on "Colonial Defence." He says his questions in the House of Commons elicited the following facts: That the "British fleet in the Pacific remains without any dock accommodation nearer than Sydney, Hong Kong, or the British Isles," and that the "only bright side of the picture exhibited by the official replies to my questions was the satisfactory announcement of Sir M. H. Beach that four commissions in the regular army will be annually given to the successful candidates (duly qualified) from the Royal Military College at Kingston, Canada. This, though a small matter, is at least a practical proof that we at home are ready to give as well as to take the advantage which must accrue from closer union and more practical co-operation than at present exists. I need not, on the eve of a great public enquiry, enlarge on the past, but simply express my conviction that had the facts bearing on the wholly inoperative character of Lord Cardwell's Acts—to which my notice of motion referred—come to be taken in conjunction with the present position, growth and development of the Colonial mercantile marine, my sanguine anticipation of carrying my motion would have been fully justified." He expresses the hope that the "public at home and abroad will not expect too much in the shape of finality from the labours of a Commission in which the particular rights and local interests of the great Colonies do not appear to be adequately represented in any direct manner. Few people realize the difficulties of the position, and still fewer appreciate the magnitude of the question to be solved, because they do not understand that following and underlying the subject of Imperial defence is the prospectively all-important one of trade and tariffs."

Disallowance in British Columbia.

[Toronto Globe,]

The farmers on the mainland of British Columbia are specially thankful for the disallowance of an Act passed some time ago by the Local Legislature of that Province which, if it had been enforced, would have taken the whole of the hard earnings of years to meet the demands of the Crown Lands Office. All the farmers in arrears to Government were by this Act to have had 24 per cent. added to their indebtedness if they did not pay up at once, while their lands and all their belongings were to be sold if they could not otherwise satisfy the Government demands. Nearly all of those in this position, we are told, had come to the colony a few years ago; had taken up land in the expectation of the Pacific Railway being speedily put under construction and had gone to considerable expenses in buildings and other improvements. They had expected that the Government would deal generously with them in the circumstances. Instead of this they found to their dismay that a law was passed requiring them to pay up at once on pain of being charged 24 per cent. penalty, and of their being dispossessed by summary process.

Nothing was expected even by the Government from carrying out the measure but the utter ruin of almost all the farmers on the Lower Fraser. The Finance Minister of the Province was, however, prepared to carry out the measure to its bitter and ruinous end, when the Dominion authorities, though ready enough to oblige their friends, stepped in and saved the Province from a great calamity, and many of the farmers from a grievous wrong. While we say this, we cannot help adding that it will always be found a very delicate and difficult matter for Governments to deal with defaulters in the matter of land, and hence that it is always best to have exceedingly moderate charges for lots, and to insist upon purchases being made in cash. Far better to take one-half and have no trouble with arrearages or interest than to keep accounts and push defaulters. It is so easy to get up excuses for being unable to meet payments to Government, while to collect in such circumstances is always a difficult and unpleasant business.

GERMANY AND RUSSIA.

The Newspaper Warfare.

BERLIN, Oct. 2.—The *North German Gazette*, replying to an article of the St. Petersburg *Golos*, which declared Russia independent of any attempt to isolate her in Europe, says: "Prussia and her friends in Germany supported Russia in the peace of Adrainople, in the Polish wars of 1821 and 1863, and in the Crimean war. If the friends of the *Golos* considers this support unimportant, then their own attitude is responsible. If Germany is compelled to look elsewhere for the support which she had found in her relations with Russia, Germany's policy will remain a peaceful one, and she will seek only peace-loving support. If the *Golos* and its coadjutors wish to repel the only strong and trustworthy friend upon whom Russia could count, it is quite probable that they may attain that object by continuing in the path upon which they have entered."

REMARKABLE RESULTS FOLLOW.—Pain ceases, swellings subside, fever abates and a natural and healthy state exists after using this great and wonderful preparation known as Thomas' Eclectric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts, which we think should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farnham Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'DR. THOMAS' ECLECTRIC OIL' and since then have had no attack of it. I would recommend it to all."

See what the Medical Faculty say: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas Eclectric Oil' for two years, and I have never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best results."

A. H. Gregg, Manufacturer of Mowing Machines, Truemansburg, N. Y., says: "My thumb was caught in a machine and badly injured, being away from home for two days, was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the ECLECTRIC OIL, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

BEWARE OF IMPOSTERS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. By Universal Accord,

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious and successful chemical investigation, and their extensive use by physicians in their practice and by all civilized nations proves them the best and most effectual purgative pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person knowing their virtues will employ them when needed. They keep the system in perfect order and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required. For sale by all dealers. 4dw

MEDICAL

MR. HELMCKEN

MAY BE CONSULTED AT HIS OFFICE, VICtoria, between the hours of 9 and 12 in the morning, and 5 in the evening. mh4

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.
Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.
DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA EL[illegible] C TRUSS CO., W. J. Horne Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits I am truly yours, ALFRED J. BURKE,
Chief Mail Clerk S. F. Daily Evening Post.

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY

No. 623 KEARNY STREET corner Commercial, San Francisco, established in 1854, for the treatment of Nervous and Chronic diseases of all kinds, Skin Diseases of years' standing and Ulcerated Legs, etc., successfully treated.
DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, where his old patients and those requiring his services may find him.
The Doctor has spared neither time nor money in seeking out new remedies and has returned with increased facilities for the [illegible]viation of human suffering.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to DR. GIBBON, stating case, symptoms, length of time the disease has continued, and have the medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing TEN DOLLARS in a registered letter through the post office, or through Wells, Fargo & Co., a package of medicine will be forwarded by Express to any part of the world.

DR. J. COLLIS BROWNE'S
(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.
The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousand of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.
CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.
CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.
CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.
CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.
CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—See *Lancet*, Dec. 31, 1864.
From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."
Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.
Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."
See leading article, *Pharmaceutical Journal*, Aug. 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always righ to use his preparation when Chlorodyne is ordered.
CAUTION.—None genuine without the words "Dr J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.
Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.
